

# Music

Music is an art form whose medium is sound and silence.

Its common elements are pitch (which governs melody and harmony). Rhythm (and its associated concepts tempo, meter, and articulation, dynamics, and the sonic qualities of timber and texture.

The creation, performance, significance, and even the definition of music vary according to culture and social context. Music can be divided into genres and subgenres. Although the divided lines and relationships between music genres are often subtitles , it is

sometimes open to personal interpretations, and occasionally controversial. Within the arts, fine art, and auditory art. It may also be divided among art music and folk music
